For State Treasurer—H. J. Ammann of Kiel.

For Attorney General—Richard Elsner of Milwaukee.

For Superintendent of Public Instruction—Edwin R. Evans of Brookfield.

Our Candidate for Governor.

Emil Seidel, candidate of the Social Democrats of Wisconsin for governor, was born at Ashland, Pa., December 13, 1864. He removed to Milwaukee in 1870 and received a public school education. In 1886, partly for reasons of health, he went to Germany, setting employment as a clerk and attending night school. Being a close student and interested in tendencies looking to human betterment, he became a convert to Social Democracy and enjoyed the acquaintance of some of the prominent Socialists of the country. In 1888 he was the strike leader of the Wood Carriers' Union, at which time they secured a day of eight and a half hours. He returned to this country in 1892, having since taken a prominent part in the Socialist movement.

ABOUT CONGRESSMAN OTJEN.

Congressman Otjen is again running for office in the Illinois Sixth Congressional District. He is being again put forward as "Labor's Friend." Let us see about that. He is only enough of a "friend" of labor to get enough votes out of labor to put him back in office where he can help swell the ranks of the legislators for capital. Like all other barons of capitalism he would have Dave Rose, who has been in the House since 1894, to help him. He is a protectionist, works for the interests of capital, he has to put up a hypocritical pretense of believing that labor shares in the prosperity of the capitalist—which is a lie. Mr. Otjen has issued an appealing pamphlet to Milwaukee laborers in which he tries to show how labor has prospered while he has been in Congress looking after the steel company and other capitalists' interests—and it is about as low a piece of deception as we have thus far seen this campaign; worthy, in fact, of even so mendacious a politician as Dave Rose. It shows by statistical figures that 1902 is way ahead of 1894 so far as the "prosperity" of labor is concerned (we'll show you the trick in a minute) and ends by claiming that during that period the wages of Milwaukee workers has risen 22 per cent. And the pamphlet says: "These wonderful figures give us an object lesson to guide us in the future." Now the whole thing is a fraud. The average wage in this country in 1890 was \$4.00 per year. Now, according to the government census it is \$4.75 a year (and the cost of living has gone up 30 per cent.) so that wages are lower now, on the average, than they were a dozen years ago, in spite of our wonderful "prosperity." Then how can there be a 22 per cent. increase in Milwaukee since 1894, you ask. Simply because 1894 WAS A PANIC YEAR, when the capitalists closed down their factories and forced the workers upon the streets. Wages were naturally low. Foxy Mr. Otjen picks that year out to make a dishonest comparison with this

There isn't a soul living that will not be better off under Socialism. The richest men cannot live up to their income. There is a limit to the possibilities of their wealth. They cannot bring more wealth, more culture and more safety to the masses of the people. The Social Democratic party believes in self-government for cities; in a just and equitable taxation, and in the highest development of a reasonable public service. We also demand better legislation for the protection of life and limb in factories and mines, the public ownership of public utilities as a fact and not as a mere phrase, and protection against hardship and misery in old age—not as a charity BUT AS A RIGHT. If we get the political power in this state we will carry out these and other social reforms.

David S. Rose, our mayor, has never been afraid of any "trust" that did him wrong in Milwaukee. He always could "handle them, all right, all right." But the trusts that never have any occasion to trust any business in our city had used to be the object of his honest patriotic and Democratic anxiety. The reason was plain: They never gave him a chance to "handle" anything. But since our "honorable mayor" has made up with the "stalwarts" of the Republican party, there is no "trust" in Milwaukee any more. He is ready for "business" of any magnitude.

No, the worker is not a business man, that's evident. The census figures show that the average worker in this country

rate this year, BECAUSE IT IS THE BUSINESS OF THE CAPITALIST POLITICIAN TO FOREVER FOOL THE WORKING CLASS. Do you see the trick now?

Mr. Otjen is personally an estimable gentleman. So are many other capitalist politicians. But they are the servants of capitalism just the same, and the interests of capitalism are just the opposite from the interests of the workers. Labor owes Mr. Otjen nothing, if it ever did. He has humiliated himself by being able to live in much better style than those who voted him into office. It was through patronizing Otjen Bros., real estate firm that many a Bay View steel worker became tied to a little mortgage home under the poisonous smoke of the steel works, and what did this mean? It meant that they were fastened to the locality and that whenever politicians like Otjen wanted to frighten voters out of their votes they could say to them: "If the Republican party was not kept in power the steel works would close down or move away, and thus leave the operatives stranded, with no work and no pay, and at the mercy of mortgage foreclosure proceedings. And this miserable trick worked like a charm. It showed how thoughtful capitalism is of labor—how identical their interests are. Ah, it was a cruel game! As we have said, Mr. Otjen is a gentleman, and of course a "law-abiding citizen," but he has been such at labor's expense, for it is according to law that most of the plucking of labor goes on. Now it is time for labor to also become conscious of the law, but it is the law of SELF-PRESERVATION that we wish it to observe. Its own self-preservation demands that it stop giving capitalism its votes. Voters of the Fourth district should withhold their votes from Mr. Otjen and also from that tool of corruption, John Donovan, whom the Democrats have put up, and should vote for themselves by voting the Social Democratic ticket throughout.

The hopelessness about the situation for the capitalist voter is the fact that both old parties are not only irretrievably corrupt, but support and stand for a system of society that makes corruption in politics permanently rotten. Every Republican is the state known that La Follette is simply building up a political machine of his own and that he is not in politics for his health. Moreover, no sensible man can deny to himself that the La Follette game warden simply corrupts and robs the state treasury, and plunges it. If he turns in disgust from this sort of thing, he finds even worse conditions surrounding the Rose-Pfister crowd. In fact the La Follette people are now trying to excuse their man by showing up Rose's black record. BOTH SIDES TELL THE TRUTH! The bewildered voter in this emergency, may well turn to the Social Democratic party. It is his only escape.

In this connection the following communication to one of the Milwaukee dailies makes red reading:

To the Editor: I am surprised to learn that the Milwaukee Daily takes exception to game warden La Follette. I am sure that he fostered game of all kinds; in fact, that he was chief warden of Milwaukee, and that the game preserves had increased enormously under his watchful care.

A peculiarity of the game laws as enforced by our State is that there is no closed season and that snickers are caught at all times. It is asserted that Warden David has a larger corps of deputy officials than is employed by the state. Should this be questioned, City Comptroller Pawlowski will probably submit a list of snickers employed at the "game preserves" and the list will be a long one.

A similar list may be obtained from Park Commissioner Henry Weber of those employed above his saloon. If Henry is reticent, an he was in giving information to the grand jury, he declines to make census returns, apply to Ald. McCoy. Johnny may be willing to interrupt "census" and "raking in the dough" enough to reply to your Grand avenue to Johnny Callahan's. Here is found, not a trout pond, but rather a "pool" for snickers of a variety with the habits and instincts of the bullhead. They bite best after dark, and when they are running, hundreds are sometimes caught at a single haul. Continue the quest, visiting the Oriental on Third street. Note the aristocratic wardens of this establishment. And, further up the street, drop into the establishment of Billy McLaughlin, and if it is settlement day, perhaps one high in the council of the Democratic party will be there to furnish information to the number of "boosters," "cappers," and "pluggers" upon these pay rolls. Step around the corner on to Wells street and visit the haunts of the "black-bird" where the slaughter, skinned John, is always on. The shooting is incessant, and the game is craps. Call next upon Ald. Henry Murphy, deputy warden at Billy Kuter's gambling house, who will tell you all that he knows about crap shooting and of the kindness of Billy Walker, of the St. Paul road to him last spring.

There are matters that should interest not only the public, but also the Warden who is chairman of the Democratic central committee. But, of course, there is no truth in the rumor that the Milwaukee "game warden" were associated with the earnings of his contribution to the campaign fund of the man who does not believe in dying for a principle and has made Milwaukee a "wild-open town."

SPORTSMAN.

The trust question is a national question, but in state affairs also the Social Democratic party stands for every radical measure that will bring more wealth, more culture and more safety to the masses of the people. We also demand better legislation for the protection of life and limb in factories and mines, the public ownership of public utilities as a fact and not as a mere phrase, and protection against hardship and misery in old age—not as a charity BUT AS A RIGHT. If we get the political power in this state we will carry out these and other social reforms.

Gleanings from Busy Socialistic Fields.

Notes from Yankee-land.

Comrade Eugene Ditzgen, now in Europe, has a check for \$50 to the party's miners fund.

The resignation of National Secretary Leon Greenbaum was not accepted by the National Committee.

Comrade Deba has in preparation a special article on Milwaukee, which we hope to print in a week or so.

Comrade Frank Duffy of Philadelphia addressed a monster mass meeting of unionists at Dayton, O., on Oct. 22.

We are under obligations to the Chicago Socialist for the short translations into various languages of the party principles.

Comrade Salist of Sheboygan speaks at Washburn, Wis., at Two Creeks, Nov. 22, afternoon, and at Sheboygan in the evening.

Comrade Howard Tuttle of Milwaukee has been far recovered from his illness; he is able to work at his profession. He is in Peoria, Ill., on a business trip, but will be home to vote.

Don't miss the Morgan meeting at Lincoln hall, Saturday night. It will campaign, and good speaking and other speakers will also be present.

The following are the Green County, Wis., candidates: For register of deeds, Chas. Leigman; clerk of court, Henry Hertz; treasurer, Fred Van Remortel; sheriff, Conrad Meyer; coroner, George P. Vandenberg; surveyor, A. B. Daly.

The Patternmakers of Milwaukee sent this bit of sound advice along with the money they collected for the strike fund: "That in sending the \$320.70 collected in the various shops the Pattern Makers' Association of Milwaukee and vicinity, the secretary be instructed to write the miners' officials that in this age of concentrated capital we seriously doubt the efficacy of the strike and advise the miners' officials to use their influence in showing their members the absolute necessity of striking at the ballot box against their masters as well as striking for better conditions on the economic field."

Kohlman has a fake labor party backed by Milwaukee Helms, who is fighting Senator Clark, the multi-millionaire who owns the Democratic party. Helms tried to get Dan McDonald, president of the American Labor Union, to run for congress on his ticket, but McDonald refused, declaring that he is a Socialist, and would not allow himself to be used by one Helms, and that he was opposed to both bosses and would fight them to the last ditch on general principles.—Cleveland Citizen.

The Social Democrats held a large and enthusiastic meeting Friday night at Babn Hall, where the large hall being held. The speakers were Comrades Emil Sedel, candidate for governor, A. S. Edwards, Dr. H. C. Berger and M. Schmidt. One of the incidents of the meeting was the distribution of Republican campaign literature in front of the hall by agents of that party.

This caused a good deal of merriment among the Socialists, and the great concern with which the old party politicians regard the awakening of the people in favor of Social Democratic principles.

These resolutions were passed: "Whereas, some Republicans are spreading the rumor that certain Socialists are inclined to vote for Robert M. La Follette the reformer, and

Whereas, some rumors are damaging to the good name of our party, which does not stand for any hazy reforms, but for a new principle, for Socialism; therefore be it resolved, that we hereby call the attention of the voters of this city to the constitution of our party, which, under penalty of expulsion, forbids any member of our organization from voting a capitalist ticket or any ticket in the habit of transmitting the vote of anti-capitalistic parties.

Talks with the Workers.

How about the opening of the new campaign after Nov. 4, comrades? It is being made all over the country. It is between political campaigns that we get most of our converts. These mid-campaign campaigns must be waged with literature. We are planning an improvement in the campaign literature, of which more later. Comrade Fraim of Neenah descended upon us with an order for 200. Comrade Wilson of Plymouth got 100. Comrade Knudsen of Milwaukee again with literature, and by daylight the city will be well covered with Herald. The amounts going to the different wards are cheering, but the space is crowded. The Herald's subscription space was received from Comrade Philippi of St. Louis last week. Comrade Knudsen of Monroe, Wis., sent 10 Herald. Comrade Knudsen of Monroe, Wis., sent 10 Herald. Berlin, Wis., Oct. 25.—Dear Comrades: I take pleasure in informing you that the radio (Gaylor) meeting at Liberty hall, Thursday night was very successful. There were about 200 present. Labor's trouble all along has been that it hasn't felt satisfied an election day unless it threw its vote away. It has insisted on dividing up its strength between the two parties of capitalism. It has never been willing to trust itself to always have an idea that only capitalists were smart enough to run the government.

"Yes, I am a Socialist, and have been for ten years; but FOR FIVE YEARS OF THE TIME I DID NOT KNOW WHAT WAS THE MATTER WITH ME.—H. M. Brooks, Christian Minister, Paris, Ill.

No man lives right who votes wrong.

Across the Herring Pond.

The Socialists in Mannheim, Germany, not only elected 20 councilmen, but they swept the city for the first time by rolling up double the vote of the old parties, which were combined against them.

A grand Socialist demonstration was held last Friday in Glasgow, at the St. Andrew's hall. Robert Blatchford, the author of "Merrie England," presided, and addresses were made by H. M. Hyndman, Edith Stacy (Mrs. Widdington), R. Smillie and Prof. J. R. Watson. The first Socialist has been elected to Parliament in Japan. Mr. Bawa will represent the district of Miyagi. There is great enthusiasm among the Jap workers as a result. Several other Socialist candidates polled big votes despite restrictive laws, but not enough to elect. The leading trade unions of Japan, like the locomotive engineers, the boiler makers, and longshoremen, have endorsed the principles of Socialism.

The records of the Italian Socialist Congress at Imola show that there are 51,415 persons regularly contributing to the party funds. This resolution was passed by the congress: "That the action of the Socialist party should be in favor of reform because it is a revolutionary party and that it should be revolutionary because it is a reforming party."

Please remit cash with order and order at once as many cards as you can sell, as I may be obliged to withdraw the offer at any time. I am doing my part—will you do yours? Lend a hand today to interest 200,000 new people in the cause of Socialism.
